Effective Date: 02/26/2020

Dear Mr. Spurr:

SUBJECT: Laboratory Certification Extension

The expiration date for the certification issued to your laboratory on May 31, 2017 has been extended to allow for the completion of the re-certification process.

Our certification of Paragon Laboratories, Inc. for the examination of drinking water is contingent on your continued compliance with state and federal regulations. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results from a state-approved supplier on a running 12-month basis.

This administrative extension to the current certification of Paragon Laboratories, Inc. expires on May 1, 2020. The certification period will be extended to cover the next 3-year certification period when your laboratory has successfully completed the re-certification process.

If you have questions regarding this information, please contact me by phone at 517-335-9219 or by email at [lundyg@michigan.gov](mailto:lundyg@michigan.gov).

Sincerely,

Gregg A. Lundy
